DEMOCRACY

A Democracy is Founded Upon Equal Rights, Equal Duties and Equal Responsibilities For All Citizens.

TURPIN SHOULD BE NOMINATED

Colored voices of the Povirth District should allow no trait of longitisence or trick of polities to interfere with the nomination of Charles H. Turpin for the office of constable. There is a special significance in his candidacy. It is a principle of right and it the from which no Colored voice in that district can recede with it non. Mr. Turpin is unquestionably the choice of the majority, because it has declared itself by electing him to the office. The fact that he was robbed of the privilege of filing it by crooked ballot counting, and that his election was confirmed by the courts, makes it more imperative that the voters should insist upon their rights. If there ever was a time for the white republicans to marifest their intention to give the colored people a "square deal," it is now.

Mr. Turpin was honored with reelection by the people because he had filled the office with great credit. He had made a record that was an honor to the race. He should have been returned, and the voters should never be satisfied until their purpose is accomplished. Mr. Turpin is ohe of the most substantial and practical business men in this compunity. He is an active member of the Negro Business Lesgue, a wageless worker for the betterment of the race, and has the condidence of his fellowmen. The Argus unreservedly favors him for the office and calls upon the voters to remominate him on August 5. nominate him on August 6.

BLDDGETT PRIEST

Among the mahy candidates who are aspiring for the nomina-tion of judgeship, Biodgett Priest isone, who no doubt, will receive the full support of the Colored people of this city. Of caurae, there must be a reason for such a statement at this time. The reason is simple: Mr. Priest is an high-class gentleman and a true type of an American citizen; a capable lawyer and a stunner Re-publican. He believes that the Negro is an American citizen, and a suph is critical to come. publican. He believes that the Negro is an American citizen, and as such, is entitled to equal rights and apportunities before the law. Too, he believes that if the Negro is worthy of fighting the battles at the front, he is also capable of fighting fires (as he fire-man) in St. Louis. And, if the Negro is to obey and be governed by the laws of the land, he is certainly entitled to sit as a juror in

our courts.

It is no unusual thing to hear men make pre-election promiser, but those of us who know Mr. Friest best, have the highest regard for his word. There is no doubt but that if elected he will be fair and just to the Negro. That is the kind of man we need at his

JUDGE SELDEN P. SPENCER

JUDGE SELDEN P. SPENCER

Judge Seiden P. Spencer who is a candidate for the nomination for the United States Senate, is not entitled to the aupport of the Colored people; because R is a known fact that this extudge is prejudiced towards them. A close observation of his actions in the past will show, that here and there the real man has found occasion to portray itself. But the boldest exhibition of his prejudiced soul was recently shown when he successfully opposed the organization of a Colored Regire feet. of Home Guards in this State, giving as his reason "the social-side"

The Home Guards are to protect the State in case of uprisings, etc. But, Judge Spencer would be willing to sacrifice the welfare of the State upon the altar of race prejudice. Such a man, though he be honored with a seat in the highest council of the nation, would, like where an obtub, be willing to, sacrifice the successful prosecution of the 'war upon the altar of race prejudice. A man of his change on the such that the such as the successful prosecution of the 'war upon the altar of race prejudice. A man of the dangerous worst to the detriment of the Negro than 10 of the dangerous worst to the detriment of the Negro than 10 of the dangerous worst to the detriment of the Negro than 10 of the condition, be he black or white, will support Judge Selden P. Spencer for the Senate.

Let us support men and measures that are fair and just to our race. But, let us set our faces like film against those that hinder our progress.

THE DRAFTEE

Weep not for him, mother, father, sister, brother, wife or sweatheart. He has gone to do and dare; to bring honor to himself and Race. He is fully conscious of the duties that ere upon him, le also knows of the odds that are saginat him on account of his color. Neverthees, but us who are left behind lend him every encouragement; beging that the let Saw will give him a square deal, and have him feel that he is worthy of wearing the uniform of this country.
